The registration fee will be **30 €** for registrations made in March and April, and students who enroll in the Tennis Academy in May, June, and July won't have to pay it.

Classes outside the previously indicated school hours will always be provided through private individual, or two-student classes, with the advance paid registration fee.

Students with returned or pending course fee payments from previous courses, will not be able to enroll in the tennis school until they are up to date with their payments.

FAMILY DISCOUNTS:

Discounts will be applied to training fees for families enrolling two or more children in the School or Tennis Academy. The second child will enjoy a 10% discount, and from the third child onwards, a 20% discount. Discounts will only apply to students enrolled for a minimum of two days a week.

GROUP FORMATION:

In all cases groups are formed considering age, technical level, students' motivation, and even in lower-level groups, based on the friendship among students. Any group changes will be communicated to the parents of the affected students in advance. In any case, the final group structure will not be determined before September 15. Since each student's progress is different, changes may be proposed during the course.

SKILL LEVEL ASSESMENT:

New students interested in joining the Tennis Academy must undergo a preliminary playing test before registration and can only access it, if there are available slots at their level.

RAINY DAYS AND MAKE UP CLASSES:

On rainy days, the Tennis Academy's management will communicate by email when it is safe to cancel classes. You can also check the status on WhatsApp at the phone number 670378750 if classes are suspended. When there is no certainty that classes will be canceled, no communication will be made.

It is important to note that CLASSES CANCELED DUE TO RAIN ARE THE ONLY ONES THAT CAN BE MADE UP, and it will be the school's management who will determine and communicate to the students when these make-up sessions will be held.

There is no provision for making up training for any other reason. In the case of prolonged injuries, the Academy will study each case individually.

CHANGES IN THE STRUCTURE OF THE SCHOOL:

On occasion, either due to rain, sporting events held at the club, or decisions of the Club's Board, the usual structure of the school may be altered, limiting the use of the available number of courts and inevitably increasing the student-to-coach ratio.

CANCELLATIONS:

Cancellation must be notified via email to info@murciaescueladetenis.com or through WhatsApp at phone number 670378750, at least 5 days before the start of the month in which you will not attend class.

In case of non-payment, rejoining the Tennis Academy will always require payment of a new registration fee, and it is not guaranteed that the spot has not already been occupied by another student.

A possible cancellation with the month already started will not obligate the Tennis School to provide any form of financial compensation.

Forced leave: Non-payment of fees, misuse of facilities, and disrespect towards other students and/or staff of the school will lead to forced cancellation.

ACCESS TO THE CLUB:

Parents of students who are not club members must park their cars in the designated area outside the club, and neither the club nor the school will be responsible for possible damages. Further access to the club's facilities is by walking.

FEDERAL LICENSE:

To access training, it is mandatory to have a tennis federation license, which can be obtained from the club's administration office, except for tennis players born in 2017 and later.

Likewise, Academy players must participate in at least the regional tournaments proposed by their coaches.
